16 February 2023

Dear Parent

Our school roll has been steadily increasing throughout this year and our anticipated school roll is 485 for August 2023 (previous census in September 2022 was 445).

Currently we have two Principal Teachers of Guidance, Mr McGuire and Mrs Sparkes who can both take on a formal guidance caseload of 215 pupils each.

We also have Mrs Parrott, our PT ASN taking on a formal guidance caseload of up to 50 pupils.

With the increase in placing requests and families opting to send their children to Milne's High School we have had to make some decisions regarding the sustainability of having just two Principal Teachers of Guidance and our PT ASN continuing to have a formal guidance caseload.

As a school we have decided to introduce a third Principal Teacher of Guidance and to remove the formal guidance caseload from our PT ASN's remit.

This means that we will have to move some young people into the third house so there may be a change of Guidance Teacher for some. We are aware some pupils get a lot of support from their current Guidance Teacher and where possible they will continue to have either Mr McGuire or Mrs Sparkes as their Guidance Teacher.

Mrs Parrott will still be lead professional for pupils who attend the ASN department. Removing her formal guidance caseload will allow her to have more time to support our pupils in the ASN department and allow more time to support pupils across the school who require extra support.

We are planning on keeping SPEY and TYNET as houses and there will be consultation with pupils, parents and staff regarding the creation of a third house.

If you would like to be involved in the consultation regarding the introduction of the third house please email admin.milneshigh@moray-edunet.gov.uk to indicate your interest.

Many Thanks

Miss Jemma Playfair
Head Teacher
